

Established 1879. Vol. XLI—No. 73

HOPKINSVILLE, KENTUCKY, TUESDAY, DECEMBER, 2 1919.

Editorial Periscope

Prof. Pinard, a leading French doctor, says the great need in France is an epidemic of large families.

Commissioner Roper has started a national campaign to rope in the in come tax evaders.

Paderewski, the musician, may not stick as President of Poland, but his likeness on a postage stamp will stick to the letters.

Senator Penrose, of Pennsylvania, is seriously ill and has been taken to his home in Philadelphia for a long rest.

An Ottawa, N. Y. judge is confronted with the same problem that puzzled King Solomon. Two women are claiming to be the mother of the same baby.

The city council of Tacoma has instructed the jailer to put food where the "hunger strike" Reds can get it and if they do not eat it let them starve.

An average of 1400 Jap "picture brides," selected by pictures and married on arrival, enter Honolulu every year. About 200 more married in Japan follow their husbands.

Miss Meldred Elizabeth Eberlin, a popular young musician who had been singing in entertainments at Camp Knox, was killed in an automobile accident Friday.

The white paper upon which the Kentuckian is printed is now worth more than one cent a sheet. We print 156 papers and send them out postage prepaid at \$2.

Cardinal Amette, archbishop of Paris, calls upon French people to abstain from dancing the "indecent American dances, in which immodest toilets are worn." And Paris is supposed to set the pace!

The Immigration Bureau recommends that the case of Emma Goldman, the anarchist, be closed and that she be deported. The bureau has recommended deportation to Russia, which the Labor Department is expected also to approve.

A love-sick boy in Weington shot a grass-widow who excited his jealousy and then volunteered to submit to a transfusion of his blood to save her life, following a hemorrhage that was almost fatal.

Five hundred divorce cases are clogging the courts of Atlanta, Ga., and one hundred of them were tried in one day, Saturday. Georgia law requires two verdicts, with a lapse of time between them before the final decree is granted.

Prediction that there will be an unprecedented demand for this year's crop of tobacco, and that the crop which is to be sold this winter will bring a higher price than ever in the history of the tobacco market, is made by Representative J. Campbell Cantrill, Seventh district.

Dr. Freidmann, the German doctor who claimed to have discovered a cure for tuberculosis in 1912 and visited this country in 1913, seems to have survived the war and is reported to have sold his serum to a syndicate for \$250,000. Few people nowadays would be willing to have anything from Germany injected into them.

Silk stockings are to go still higher. This does not refer to the way they are to be worn but to the price. Benjamin A. Matthews, assistant federal attorney, who has been trying to make life anything but dull for profiteers says he has learned of an agreement reached by manufacturers, wholesalers and jobbers, to boost silk hose, to from \$12 to \$15 a pair. Before the war a pair could be bought for \$1.50.

Washington is seething with sensational rumors concerning the condition of President Wilson, not one of which is confirmed by the white house. These rumors started Saturday when Senator Hitchcock, who is leading the administration forces in the League of Nations fight was refused admission to the sick bed and they gained currency so rapidly that it was thought the white house would issue a statement to allay the feeling of anxiety in the capital, but such a statement was not forthcoming, however, and those who inquired were told that no bulletins would be issued at present.

REPUBLICAN SENATOR IS INDICTED

VICTOR OVER FORD IN MICHIGAN SPENT SLUSH FUND OF \$1,000,000.

GANG OF BOODLERS CAUGHT

Assistant Senate Secretary Charged With Election Corruption and Fraud.

Grand Rapids, Mich., Dec. 1.—Truman H. Newberry, United States Senator from Michigan, was indicted by a United States grand jury Saturday for corruption, fraud and conspiracy in connection with the election by which he obtained his seat in the Senate, defeating Henry Ford, his Democratic opponent.

With Newberry, 133 other Republicans were indicted by the Grand Jury on the same charge.

Judge Sessions indicated that the evidence before the grand jury disclosed fraudulent expenditure of a slush fund of between \$500,000 and \$1,000,000 in connection with the election.

These thirty-eight alleged overt acts were charged against fourteen men and carried accusation of having given rewards ranging from promises of "a good job" to payments of sums varying from \$5 to \$2,750 as returns for support of activity in the Newberry campaign. One country editor is alleged to have received a ton of print paper.

The extreme penalty which may be imposed under the indictment is a fine of \$10,000 and two years' imprisonment.

STAGE SET FOR INAUGURATION

Frankfort Busily Arranges Details For Notable Event December 9th.

Frankfort, Ky., Dec. 1.—Frankfort and Franklin county, probably the most stalwart in their Democracy in the State, judging by the last two state elections, as usual have laid aside partisanship in anticipation of the inauguration December 9.

Democrats and Republicans, without distinction, are working on plans to entertain the visitors and arrangements of detail. The crowd from out of town for the most part will be Republicans, but to Frankfort it is a new Governor and a new local committee in charge, and the committee has only one idea and that is to show some former committees that they overlooked several things to make the event notable.

It is evident this early that the inauguration will excel in the one important feature dear to the heart of capital city residents—brass bands. There are going to be more bands than ever before. Frankfort people know from experience that they can't have too many bands in a parade, and numerous marching organizations have reported that they are coming with their own music.

NEARLY FIVE FEET OF RAINFALL THIS YEAR

November was another heavy month for rainfall, the total for the month, up to the record of noon on the 29th, being 9.01 inches. The rain fall for the ten months to Nov. 1st was 48 inches so the total for 1919 has been 57 inches with one more month to be accounted for. The total will run considerably over 6 feet for the year.

Local Baptist Churches Go Over The Top

NINE IN CITY AND COUNTY WITH QUOTAS OF \$173,000 SUBSCRIBE \$220,000 OR \$47,000 OVER.

Fifteen More Churches In Christian, 12 In Logan and 8 In Todd Are Still at Work To Raise Their Respective Quotas.

CHURCHES REPORTED "OVER THE TOP"

	Quota	Subscribed
Hopkinsville First.....	\$100,000	\$112,500
Hopkinsville Second	10,000	11,288
Pembroke	17,000	38,000
Olivet	17,000	18,000
South Union	12,000	17,550
Locust Grove	10,000	15,000
Casky	2,000	2,100
Sinking Fork	2,000	2,200
LaFayette	3,000	3,200
	\$173,000	\$219,750

West Mt. Zoar, \$1,000 has \$765 on partial canvass, will go over the \$1,000.

Pleasant Hill not reported but assurances are that the \$9,000 quota will be raised.

Concord, \$5,000, Crofton \$9,000, Mt. Zoar, \$2,000 and Salem \$15,000 all promise to finish during Victory Week.

Bethel \$9,000, Macedonia \$9,000, Hight's Grove \$1,000, Mack's Grove \$1,000, New Barren Springs, \$2,000, New Ebenezer \$2,000, Palestine \$5,000, West Union \$1,000 and West Grove \$1,000, other churches in Christian county are completing their canvass this week. They have until next Sunday to raise their respective quotas.

There are twenty more churches in Todd and Logan counties to be heard from.

There are three Christian county churches in Little River Association with quotas as follows:

Gracey (West Union).....	\$7,500
Little River	2,000
Bainbridge	1,000

These churches are working towards their respective goals.

City Churches Did Great Work

The quota of \$100,000 for the First and \$10,000 for the Second Hopkinsville church was practically one-fourth of the quota of \$450,000 for the 44 churches of Bethel Association. These churches with those at Pembroke and Olivet took the lead in organizing the smaller churches of the county, while other central committees worked in Todd and Logan counties, with 20 churches in those counties.

In Hopkinsville the finish of the campaign was characterized by enthusiasm and religious fervor never seen in the two churches before. Sunrise prayer meetings were held at 6:30 a. m. to usher in the day of work.

The Sunday School hour was devoted largely to getting ready for the drive.

At the 11 o'clock services the result of the incomplete canvasses were announced and at the First church the services lasted until nearly one o'clock.

By two o'clock the workers were back for the final canvass and both men and women scoured the city in automobiles signing up the absentees. Two young men with an adding machine were kept busy tabulating the returns as they came in and as totals gradually approached the goal, the enthusiasm rose correspondingly. When the committees adjourned at 6 o'clock the total had reached \$110,000. At the night service \$2500 more pledge cards were handed in and many members have not reported. With the total now at \$112,500, the church is confidently expected to raise \$120,000. This takes no account of \$4,994 already paid in through regular channels, more than half of which is entitled to be counted as received since May 1, 1919. Nor does it include a subscription made recently outside the church membership by the students and faculty of Bethel Woman's College, for \$5,325, the fund thus

raised to be applied on the new dormitory to be built next year.

The Second church with a quota of \$10,000 did a great work in going over \$1200, as the church is a new one and is raising money to complete its house of worship.

The best work done by any church reported was at Pembroke, where with a quota of \$17,000 the subscriptions are already \$38,000 and will go to \$40,000.

South Union also went "over the top" fifty per cent.

Olivet and Sinking Fork were the first churches to go over, completing their work two or three weeks ago, but the absentees are still being LaFayette also did great work for a little church. It is already over the top and still working.

Many of the churches are on telephone lines that are in trouble and brought in.

Some of them are sure to raise more than they are asked for, notably Salem, Pleasant Hill, West Union and Bethel.

Crofton and Mt. Zoar will finish their canvass this week and have meetings next Sunday to receive reports. Four Minute men from the larger churches will go wherever they are wanted to help in the meetings Sunday.

Christian county with a quota of \$255,000 will go over \$300,000 and Bethel Association will raise more than half a million dollars.

Trenton has \$16,508, Russellville \$33,500, Auburn \$15,000, and New Union \$7,000.

ADD TO DRIVE

Elkton raised its quota of \$11,000 and has started in on a building fund.

Trenton raised \$12,000 of its quota of \$15,000 with 80 members present. The canvass this week will easily finish the quota.

The women of the First Hopkinsville church undertook to raise \$20,000 and raised over \$40,000 and are still getting in cards.

SOLD \$4,000 IN 4 HOURS

Last Shipment of War Groceries Went Like Hot Cakes.

The new shipment of war groceries received by Mayor Bassett Saturday went like hot cakes.

In four hours the entire lot of \$4,000 worth had been sold and delivery was in progress all day yesterday.

This makes three lots sold, aggregating \$8,000.

Probably no more can be secured.

COAL GOING SOUTH

Seventy-four cars of coal passed through Hopkinsville Sunday, going South in two immense double-header trains. And yet local dealers are unable to fill orders on their books since last summer.

GETS M'CORMICK
G. O. P. "WHIP"

The recent illness of Mrs. McCormick of Chicago made it necessary for Chairman Will Hays of the Republican National Committee to select a new woman Mrs. John G. McCormick of Chicago was named for the post to keep the women voters enlightened and in line.

KENTUCKY WILL BE 8 MILLION

Long Run Association Gops Over the Top \$200,000.

Louisville, Ky., Sept. 1.—With 14 of the 42 congregations of the Long Run Association to be heard from. By P. L. Bruner, a member of the association, last night announced that \$902,600 had been reported subscribed by these churches for the Southern Baptist campaign for \$750,000,000. The quota of the association was only \$800,000.

The faculty and students of the Southern Baptist Theological Seminary subscribed \$53,477. Eastern Parkway church subscribed 302 per cent of its quota; Franklin-avenue 295 per cent; Weaver Memorial, 200 per cent; Portland avenue, 195 per cent; Immanuel, 190 per cent, and Calvary, 180 per cent.

"According to the rate set by these churches," said Dr. Bruner, "the forty-eight churches of the association will raise \$1,007,899; Kentucky will raise \$8,000,000 instead of its quota of \$6,500,000 and the entire South will raise \$100,000,000 instead of the \$75,000,000 it set out to raise."

The association is composed of churches in Louisville and Jefferson county, two in Bullitt, three in Spencer and one in Shelby counties.

H.H.S. BOY ON ALL STAR TEAM

The Sunday's Evansville Courier picks a mythical sectional high school football team. It places six Evansville players on the team, and the other men picked are from the different high school teams in Southern Indiana and Western Kentucky. The local high school was represented by one member of the mythical team, this is Cant. Cantrill at right tackle. In regard to his work the Courier says: "Cantrill has played this position for three years and according to his admirers has not met his equal in that time." Craft at halfback and Hise at quarter were also given prominent mention.

REV. E. O. COTTRELL IS CALLED TO CONCORD

Concord Baptist church, near the city, on Sunday called Rev. E. O. Cottrell, pastor of the Second Hopkinsville church, to be pastor of the church. Mr. Cottrell will accept the call and preach on Sunday afternoons in each month, which will not interfere with his morning services at his church in the city. He will also hold one Saturday service each month. The first sermon will be preached next Sunday afternoon, when the church will undertake to complete its quota of \$5,000.

Miss Norma Turner has returned from the South and resumed her old place with Campbell-Coates Drug Co.

DRASTIC COAL RESTRICTIONS

WAR RULES RESTORED IN TIME OF PEACE DUE TO THE STRIKE

INDUSTRY CRIPPLED BY ORDER

Christmas Business Will Be Seriously Interfered With by the Order.

War time coal restrictions and regulations went into effect at noon yesterday, on account of the coal shortage, due to the strike.

The new restrictions will be enforced under the war-time powers of the Fuel Administration. They provide chiefly that stores and office buildings may use heat, light or power only between 9 a. m. and 4 p. m., except for bakeries, restaurants, drug stores for sale of drugs only, and barber shops which use light, heat and power, from 8 a. m. to 6 p. m. Certain other exceptions are made to provide for various industries and businesses.

Theatres, moving picture houses and other places of public amusement may use light, heat or power only between 1 p. m. and 10.30 p. m.

All advertising signs and billboards using electricity must be eliminated, as must white way lights, show windows and other lights not strictly essential.

Industries, except those whose continuous processes cannot be interfered with, may be operated only forty-eight hours a week. Exceptions are made to meet the special conditions of railroad stations, hospitals, telephone and telegraph and newspaper offices.

The former local fuel administrator was John J. Metcalfe. He will be assisted by G. E. Dalton.

MINERS EARNING \$118.26 MONTH

Kentucky Fields Wage Table Is Made Public By U. S. Statistics Bureau.

Washington, D. C. 1.—Earnings and working hours of bituminous coal miners in Kentucky, as indicated by a recent survey which included 19 Kentucky coal mines, representing 2,867 employees, are given in statistical form in a bulletin just compiled by the Bureau of Labor Statistics. The total number of employees in Kentucky coal mines, according to the most recent official government figures—those of 1917—is 34,026.

These figures of the Bureau of Labor Statistics show that for hand miners in Kentucky, the average number of full-time hours in a half month period was 93.5 and the average amount of full-time earnings in the same period was \$59.13 or \$118.26 a month.

DIXIE CAFE CHANGES HANDS

Nick Doumas, proprietor of the Dixie Cafe, a very successful restaurant business on Ninth street, has sold out to George Pappas, who will continue the business as heretofore. Mr. Pappas has been with the restaurant as assistant and is thoroughly familiar with the business.

Better watch your \$20 bills closely. A dangerous counterfeit of a \$20 Federal Reserve note is worrying Louisville. It has Lincoln's picture instead of Cleveland's on it. They are made by raising the \$5 bills.

TUESDAY, DECEMBER 2, 1919.

King Albert Emmanuel will come to the United States next summer, and also will visit South America, especially the Republics of Brazil, Uruguay, Argentina, Chile and Peru, unless the Italian political situation prevents him from carrying out his desire.

Since prohibition went into effect in Hopkinsville it has been a frequent occurrence for the city lock-up to be empty for days at a time, but this week for the first time, the city workhouse was empty, too. Usually there are several prisoners doing time in the workhouse and were of much benefit on street work. The absence of such labor adds to the difficulties of doing the city work.

The "Ellis Island Soviet" of radicals held for deportation failed to be tempted from its hunger strike by Thanksgiving turkey. Cranberry sauce, giblet gravy and plum pudding made no impression, either, for the sixty-seven "loyal strikers" looted and yelled continually, while the three "secessionists" partook of the splendid meal provided by the immigration authorities.

Preparations for attempted reopening of coal mines have been begun by the operators in the Indiana fields. One large mine concern near Evansville announced that it would advertise an increase of 14 per cent in miners' wages and that it would guarantee to pay miners who returned to work the difference between wages paid the under the scale announced and whatever scale is finally agreed upon.

A pretty fight is brewing over the appointment of a postmaster at Frankfort. Senator Beckham's choice for the appointment is Joseph Noonan, a brother-in-law of Percy Haley. The Civil Service Commission and the Postoffice Department each sent a representative to Frankfort to investigate and these two have joined in recommending that Minus Williams be appointed. Williams is the man whom Beckham does not want appointed, and a "scrap" is in sight.

The Government has served blunt notice that soft coal miners and operators who have not cooperated with the Government will find that interference with coal production will not be tolerated. Warning that legal prosecution to thwart conspiracies by either side, and troops sent wherever necessary to protect miners willing to work, came from the Department of Justice after members of the cabinet had considered every phase of the fuel situation, admittedly critical, in the view of the abrupt breaking off of negotiations.

Navy Department officials express surprise at the action of the supreme council in allocating one German battleship and destroyer to each of the Allied and associated powers for experimental purposes. The United States had not asked for any of the German vessels, and said they would be of little use to this country, even for experimental work. Probably the ships, after being inspected by boards of naval officers, would be placed on exhibition at seaports, and later be used as targets for the fleet, it is said.

LAW TO PROTECT INNOCENT BABES

Ellen Spencer Mussey of the St. Louis National Council of Women, has proved herself a real friend to the helpless child in sponsoring laws making legitimate children born out of wedlock. This would make it possible for them to inherit property of their parents.

KEPT HER AWAKE

The Terrible Pains in Back and Sides. Cardui Gave Relief.

Marksville, La.—Mrs. Alice Johnson, of this place, writes: "For one year I suffered with an awful misery in my back and sides. My left side was hurting me all the time. The misery was something awful.

I could not do anything, not even sleep at night. It kept me awake most of the night... I took different medicines, but nothing did me any good or relieved me until I took Cardui.

I was not able to do any of my work for one year and I got worse all the time, was confined to my bed off and on. I got so bad with my back that when I stooped down I was not able to straighten up again... I decided I would try Cardui... By time I had taken the entire bottle I was feeling pretty good and could straighten up and my pains were nearly all gone.

I shall always praise Cardui. I continued taking it until I was strong and well." If you suffer from pains due to female complaints, Cardui may be just what you need. Thousands of women who once suffered in this way now praise Cardui for their present good health. Give it a trial. NC-133

FOUR THOUSAND KANSAS MEN VOLUNTEER TO MINE

Topeka, Kan., Nov.—28.—Four thousand men are ready to go to work in the Kansas coal fields in response to Gov. H. J. Allen's appeal for volunteers to dig coal and prevent suffering among citizens of the State, according to a report in the Governor's office tonight. It is probable that the first contingent of 1,000 will be sent to the coal fields Monday, it was stated.

As plans looking to the operation of the strip mines go forward, the state's fuel supply is shrinking fast as the result of a severe sleet storm and extremely low temperature.

The state is covered with icy snow and conditions were made worse in the eastern section tonight by rain which froze as it fell.

They Still Survive.

Our young friend Clarence Snodgrass says he sent a dollar to Chicago for a "Never-falling Clear Lighter" and received by mail a box of safety matches.—New Orleans States.

BALTIMORE FIRE COSTS \$700,000 3 HALLS BURNED

Baltimore, Nov. 28.—Revised estimates of the loss caused by fire which early today wrecked three of the group of buildings in the center of the city formerly occupied by John Hopkins University and damaged about a score of residences and stores in the vicinity, place the amount at approximately \$700,000. The loss to the university alone may reach \$500,000, but it is covered by insurance.

Investigation is underway to determine the origin of the blaze, which broke out in McCoy Hall, one of the units of the Hopkins group. Several explosions were heard in the building after the fire started, and as no explosives were stored there, fire officials are at loss to explain what caused them.

McCoy Hall, which, since the removal of the university to Homewood, had been the home of virtually all of the charitable organizations of the city, was destroyed, together with records, manuscripts and data of value that cannot be fixed in dollars. The Maryland Tuberculosis Association lost more than 12,000,000 Red Cross Christmas Seals, which cannot be replaced for the campaign just about to begin.

A high wind drove huge embers for many squares, starting several other fires. One blaze broke out ten blocks away.

Get Acquainted With

The Original Patented Pipeless Furnace

The Caloric Pipeless Furnace is guaranteed to heat your entire home with only one register. More than 50,000 Calories are now in use, and during the coldest days of last winter kept homes warmer with less fuel than the old style heating systems they displaced.

We do not ask you to experiment with this furnace. We KNOW what it will do. If we recommend it for your home after studying your floor plans, it is installed with an absolute guarantee of perfect heat in all rooms. If it does not do exactly as we claim for it after a fair trial, we will take it out at no expense to you.

Do not confuse the Caloric with the ordinary furnace. It is not an old-style furnace with the pipes left off, but an entirely new method of heating. It heats the air—sends the pure, fresh warmth through the house, draws the colder air back into the furnace to be purified and heated and again started on its trip through every room.

35% Fuel Saving

Because of its one register, the Caloric accomplishes better heating results with less fuel. Some owners claim fifty to seventy-five per cent saving. We know that it will save thirty-five per cent over any other method.

Demonstration At This Store

We shall have a special demonstration of the Caloric at this store. Come in and talk to us. We will carefully go over your heating requirements, and if we recommend the Caloric, we will give you an absolute guarantee of satisfactory performance in your own home. This written guarantee is backed by us and the manufacturers. Come in and talk to us. Learn what this furnace will do toward keeping your home warm and saving you money on your fuel bill.

ON VERGE OF BREAK WITH MEXICO

Two More Americans Are Murdered
By Mexicans—Jenkins Still
In Jail.

Washington, Nov. 28.—Another American murdered in Mexico, close on the imprisonment of Consular Agent Jenkins, coupled with reports of revolution in Mexico City with Carranza in flight to Queretaro, added complexities today, which seemed to force the already tense Mexican situation toward the long expected breaking point.

There were no official pronouncements for the guidance of public opinion as to what action if any the American government might be contemplating, but administration officials, by indication were willing to show that the government is taking a firm position, considering the eventualities and is preparing to deal with them, once a course is chosen.

Official Statement.

Another of "the last straws," as one official put it, was laid on today with the official report of the murder of James Wallace, an American oil man, by a Carranza soldier near Tampico on Wednesday. The State Department summarized its advice in this formal statement:

James Wallace, an American employe of an American oil company near Tampico, was murdered by a Mexican Federal soldier at Potrero del Llano on Wednesday, November 26. The murderer was not taken into custody.

According to the department's advice, the officer in charge of troops camped in the vicinity claimed that Wallace had provoked the murder. The department has been informed as the result of an investigation, that a mule on which Wallace was riding to the place of his employment shied at a machine gun which it was passing, overturning the gun. The soldier immediately shot Wallace, the bullet striking him in the neck and killing him instantly.

Believed W. M. Wallace.

The Wallace referred to is believed here to be W. M. Wallace, employe of the Gulf Refining Company, familiarly known to his associates as "Jim." Wallace recently went to Tampico, after having been in Columbia for the Gulf Company. He is about 40 years old.

The Mexican ambassador, Ignacio Bonillas, called on Secretary Lansing at the State Department late today, and they not only went over the Jenkins case, but Mr. Lansing also laid before the Mexican envoy the report on the killing of Wallace, which has just been received. Their conference was, of course, confidential, but it is understood that the secretary conveyed to President Carranza's representative a message more forceful and direct than any yet transmitted in any diplomatic note.

Mr. Bonillas was informed that the department placed no credence in the charges on which Jenkins is held in jail at Puebla in which the Mexican government declines to intervene, and it is understood that Mr. Lansing further outlined to the ambassador the inevitable consequences of continued murders and molestations of Americans, probably more pointedly than was done in the Government's official note of last July.

Another American Killed.

About the same time word came in of the death of another American as the result of brutal treatment of bandits who held him for ransom. He was Otto Lund, of Swedish birth, a naturalized American, who died of blood poisoning, after being held for ransom for five months in the state of Mayarit. His captors chopped off one of his fingers with a foul weapon and wrapped it within their

At Teddy's Tomb

Two young men which someday will very likely be central figures in world affairs were brought together in New York when the Prince of Wales with Theodore Roosevelt Jr. visited the tomb of the latter's father, the great T. R.

written demand for ransom money which they sent to his friends in Tepic. Blood poisoning and gangrene killed the man, while his wife, an American woman, and their child are reported in want in Tepic.

The murder of Wallace, however, assumed proportions of overshadowing importance. Poerero del Llano, the ranch on which he was murdered, is six to nine miles south of Tampico. The oil pipe lines of the Aguilar, Gulf Refining and Huasteca Oil Companies run through the property. When word of his death was received here the officials of all three companies were communicated with for identification. The Gulf Company's office at Houston, Tex., responded that Wallace probably was W. M. Wallace, who was known to be in the Tampico district and on the Potrero del Llano property.

If the identification be correct, Wallace is the eighth employe of the Gulf Company to meet death at the hands of Mexicans in the Tampico district and the eighth American to be killed in Mexico since July 22, when the United States warned Carranza that further murders of Americans would seriously effect the relations between the two countries.

List of Murders.

According to State Department records the eight murders have been in this order:

July 31, R. A. Cunningham, at Matamoros.

August 28, Adam Schaefer, at Pinos.

August 30, H. S. McGill, at Coapa.

September 2, A. P. Hennessy, at La Colorado.

September 21, Lieut. C. H. Connelly, U. S. A. at Bahai.

Lieut. F. B. Waterhouse, U. S. A. at Bahai.

(These were the two army aviators who lost their way, were starved and finally murdered by Mexican fishermen.)

November 14, E. K. Lack, at Mexicali, said to have been killed by a Mexican official.

November 26, James Wallace, at Tampico.

It is further said from the unofficial records that Wallace is the seventeenth American killed by Carranza soldiers in the Tampico district.

Investigation Ordered

Immediately on receipt of the news of the death of Wallace the State Department ordered an investigation and further report on the details.

Investigation and report on the new phases of the Jenkins case, raised in the Mexican note refusing to meet this government's demand for the consular agent's release already has been ordered.

The whole effect of the day's developments was to put the Mexican situation already acknowledged bad into the worst, light of probably more than a year.

No more applications for pardons will be considered by Governor Black during the remainder of his term in office. The governor made this decision because of the rush of official business and the critical illness of his brother, John A. Black, of Barbourville. Gov. Black was notified that his brother had been injured by a horse and as he is 80 years of age, very little hope is entertained for his recovery.

LIBERTY BONDS FOR A HOME

Down in Fulton, Ky., there is a real estate concern that has the psychology of the thing. In advertisements that persist in the Fulton Daily Leader this real estate man offers to take Liberty Bonds at the face value for certain real estate that he is seeking to dispose of. Good business. But he is not a philanthropist. Those Liberty Bonds will be worth above par in a short time, whether the realty in question ever increases a penny in value. And yet Liberty Bonds, when used to purchase a home, are being put to no ignoble use.

WILL SINK ALL ENGLAND CALLS BUT 10 U-BOATS ON KENTUCKIAN

Supreme Council Decides Italy Shall Have Austrian Subs. R. T. Caldwell, Authority on Workmen's Compensation, To Advise Britons.

Paris, Dec. 1.—The long discussed question of what to do with the German U-boats was settled when the Supreme Council decided that they should all be sunk with the exception of ten, which will be given to France. There are between ninety and 100 U-boats, most of which are now in English ports. Several, which are to be turned over, are still in German ports.

It was decided to give ten submarines to France because she was not able to build submarines to any great extent during the war, on account of facilities being devoted to munition manufacture. Italy will receive the Austrian submarines. Today's action of the Supreme Council brings to an end the story of Germany's nefarious undersea warfare, which history, perhaps, will record as the factor which caused her defeat in the world war.

EPISCOPAL CONVENTION COMMENDS BOY SCOUTS

A resolution certifying to the benefit of Boy Scout training was adopted by the House of Deputies of the Episcopal Convention at Detroit, as follows:

RESOLVED: The House of Bishops concurring, that this convention expresses its approval, appreciation and thanks for the trust-worthy, courteous and reverent service of the Boy Scouts who have volunteered from the Detroit Council, Boy Scouts of America, to render as a good turn their valuable assistance as pages in both houses of this convention.

And be it further resolved, that the House of Bishops concurring, that the General Convention commends the Boy Scouts of America as an effective agency in welfare work among boys.

Children Cry FOR FLETCHER'S CASTORIA

Frankfort, Ky., Dec. 1.—An international reputation as an authority on workmen's compensation insurance has been attained by Robert T. Caldwell, a young Ashland attorney, formerly of Louisville, and first chairman of the Workmen's Compensation Board. He has been retained to appear before the British Parliament in December to represent the British insurance companies against nationalization of compensation insurance.

His recognition came about thru his speech in Chicago two years ago on State insurance. He opposed it and favored the system of insurance in vogue in Kentucky. The speech attracted the attention of eastern financial and insurance publications and was read widely among insurance men and their counsel. In consequence when the associated insurance companies of England wrote to their representatives in this country to select experts in various phases of the insurance question to appear before Parliament, Mr. Caldwell was invited with six others from different parts of the United States.

Mr. Caldwell was assistant in the office of the Attorney General when the first workmen's compensation law was enacted and declared unconstitutional by the Court of Appeals. He filed the motion and obtained an extension of the opinion as a guide and then set about drafting a law that would stand the test. Before the next session he had brought employers and employees of the state and the insurance companies together in numerous conferences and prepared a bill that not only was constitutional, but satisfactory to all the parties directly concerned.

DECREASE IN FARM BUTTER

High Prices Paid for Butter-Fat Brings More Money to Dairy-men.

Every year more and more creamery butter is being made and used in this country. With the increase in the amount of creamery butter there is a decrease in the amount of butter made on the farms.

In 1890 for every pound of creamery butter made in this country there was thirty-seven pounds of farm butter made. In 1900 the proportion was one to seventeen and a half, while in 1910 it was one pound of creamery butter to every one and two-fifths pounds of farm butter. By 1918 there was an equal amount of farm and creamery butter being made. At the end of the next ten years in all probability there will be many pounds of creamery butter made to a pound of farm butter.

CONVICT KILLS KEEPER AND WOUNDS FOUR MEN

Hamilton, Ont., Dec. 1.—Paul Kowalski, awaiting death by hanging for the murder of a woman, killed his keeper, Constable J. C. Springstead, and seriously injured four turnkeys, one of whom may die, in jail here.

The condemned man, who was allowed to exercise in the cell corridor, suddenly attacked Springstead, his only guardian, choking him and then cutting his throat with a sharpened spoon. Four men finally overpowered him.

Alarm Clocks Kolb & Howe

Although a new effort for compromise ratification of the peace treaty is expected to follow closely the reconvening of Congress, discussion among returning Senators reveals little optimism that the question will be brought to a decisive stage for some weeks. President Wilson's message will be transmitted today, to be read separately in two bodies, as illness will prevent the President carrying out his custom of presenting the message at a joint session.

GROWING IN POPULARITY.

Editor Kentuckian:

Your Baldheaded Club is becoming so popular that many even of the young men are qualifying for it by having their heads shaved. But instead of bald on top they make them bald around the edges leaving a tuft of hair on top like the Chinaman preparing to grow a queue. It must be a desire to join your club that actuates them, for it surely does not improve their looks.

Speaking of baldness brings to mind a "drummer" who was canvassing the town some time since in the interest of a "hair restorer" he wanted to put on the market.

As convincing proof that it would do the work, he exhibited two pictures of himself on a card, one of them having a bald and shining pate and the other a full suit of hair. The transformation, he said, was brought about by the use of just one bottle of his remedy. But this is a digression. Should you take these shaved headed fellows into your club they would have to keep shaved up might close or be expelled in disgrace for practicing a fraud.

How are you going to protect your lives against them?

PAYS \$450 FOR WATER

Clever Confidence Game is Worked
On Former Louisville
Saloonkeeper.

Water at \$450 a barrel is one of the results of prohibition—to Robert C. Gilbert, former saloonkeeper, who now conducts a place at 116 S. Jackson street as a soft drink stand. Gilbert complained to the police yesterday that a clever confidence trick had been worked upon him whereby he was induced to pay \$450 for a barrel of water, thinking it was first-class whisky. For about a week Gilbert said, a man apparently enjoying some facilities of supplying himself with "booze," made his place loafing headquarters. Friday the man asked if Gilbert would like a little drink.

The stranger led him to a nearby vacant house, opened it with a key, revealed a barrel in a wardrobe, produced a section of hose and, inserting it through a small hole in the top of the barrel, took a drink.

"Try it," the stranger said. Gilbert tried it twice and found it to be good whisky. A trade was soon affected and the stranger immediately departed with check from Gilbert which was cashed at a bank. Gilbert then took the barrel to his place, tapped it and drew—water.

Opening the top he says he found a small bucket of real whisky suspended in the water—Louisville Herald.

NEW ENGLISH DICTIONARY DEFINES AMERICAN SLANG

London.—Cassell's new English dictionary contains a large number of words that came into use during the war, many of them borrowed from American slang. A few of the innovations are:

Bus—An aeroplane.
Cold feet—To be in funk.
Dud—No good.
Guy—A toff.
Highbrow—A highly superior person.
Eyewash—Humbug.
No Flies on Him—No fool.
Jazz—A noisy and boisterous dance in ragtime.
Movies—A cinematographic exhibition.
Umpteen—Any number.
For the benefit of Americans "old bean" is defined as "old fellow," "conchy" as a conscientious objector; "top hole" as the very best, and "washout" as a failure or muddle.

See our offerings in
engraved Christmas
and New Year's
greetings.

CASTORIA

The Second district gave Black 590 majority and that was more than due to the gain of 800 in Christian county, the only county that made a gain.

5000 CLERKS TO COMPILE CENSUS

Biggest Tabulating Task Ever Attempted—Stats Estimates is 2,423,001.

Washington, Dec. 1.—Five thousand clerks will be needed in Washington to compile returns from the fourteenth census, the biggest job of tabulating the world has ever known. Assistant Director of the Census Stewart said today. Even now there are some 500 clerks engaged in handling the heavy correspondence of the bureau. The others will go to work early in 1920.

Census officials are planning to take care of returns from 110,000,000 persons, it having been estimated the census will show about that many inhabitants.

Kentucky, according to a calculation of State population made recently, probably will have 2,423,001 inhabitants, an increase of nearly 30,000, over the estimated population in 1917.

CENSUS FACTS

The Fourteenth Decennial Census is to be taken during the month of January, 1920.

The first census of the United States was taken in 1790, during the administration of George Washington. It related solely to population.

The Constitution of the United States requires that a census of the United States be taken every ten years. It is by this means that the apportionment of members of the House of Representatives is made as to states.

The Bureau of the Census is a part of the Department of Commerce. It was established as a permanent bureau in 1902. Prior to that time the census work was done by a temporary organization known as the Census Office.

A census of the country's manufactures was made for the first time in 1810. Under the present law a manufactures census is to be taken in connection with the Fourteenth Decennial Census and every two years thereafter.

An enumeration of the mines and quarries of the United States was made for the first time in 1840.

The Sixth Decennial Census, taken in 1840, was the first one to cover agricultural statistics, now one of the most important parts of the entire census.

The Department of Agriculture, assisted the Census Bureau in preparing the list of questions to be asked of every farmer at the coming census.

United States marshals acted as enumerators at the first nine decennial censuses. Each marshal had his many assistants as were necessary to properly cover his allotted territory.

About 650 people were engaged in taking the first census of the United States. The 1920 census will require the services of 90,000.

The statistics of the first census of the United States were published in one small volume consisting of 56 pages. The statistics of the 1910 census required 12 volumes having an aggregation of more than 40,000 pages.

PURELY PERSONAL

Miss Leafie May Kingsdom has returned to her work at Mortons Gap after a week-end visit to friends in the city.

Mrs. Don M. Dockery, Jr., and infant son, after a visit to her parent Mr. and Mrs. W. C. Cook, returned to her home near Jackson, Miss., yesterday.

RECRUITING PARTY HERE

A recruiting party from the 83rd Artillery at Camp Knox is visiting in the city, working on a general recruiting mission. The party consists of Lieut. McAllister, and Sergts. Jas. Pearl, William Gee, Edward E. Merchatnik, and Earl M. Beadle.

The army at present is making an attractive offer for enlistments. One of the best features of the new organization is the vocational training offered all men. At all posts schools have been established where the soldiers can get training of all kinds, from a grammar school education to civil and electrical engineering. The government has procured the best possible instructors and is establishing schools at the different posts as fast as the demand arises.

Lieut. McAllister and party expect to remain in the city for several days.

YOUR CATARRH MAY LEAD TO CONSUMPTION

Dangerous to Use Treatment
for Only Temporary Relief.

There is a more serious stage of Catarrh than the annoyance caused by the stopped-up air passages, and other distasteful features.

The real danger comes from the tendency of the disease to continue its course downward until the lungs become affected, and then dreaded consumption is on your

path. Your own experience has taught you that the disease cannot be cured by sprays, inhalers, atomizers, jellies and other local applications.

S. S. S. has proven a most satisfactory remedy for Catarrh because it goes direct to its source. Get a bottle today, begin the only logical treatment that gives real results. For free medical advice write Medical Director, 47 Swift Laboratory, Atlanta, Ga.

Founded on J. M. Barrie's famous play "The Admirable Crichton." Adapted for the screen by Jeanie Macpherson

CECIL B. DE MILLE has produced a considerable number of the biggest motion picture successes in the history of the screen. If you saw his productions, "Don't Change Your Husband," "For Better, For Worse," and "Old Wives for New," you cannot forget them: every one a great human drama, every one a great Paramount Artcraft Picture.

Are You Seeing Paramount Artcraft Pictures?

America's finest motion picture theatres, big and small, are showing Paramount Artcraft Pictures, week in, week out. Here are some of the recent productions. Make sure your theatre shows them: "Marguerite Clark in 'Widow by Proxy,'" "Lisic Ferguson in 'The Witness for the Defense,'" "Wallace Reid in 'The Valley of the Giants,'" "George Loane Tucker's Production—'The Miracle Man,'" "Also, the Thomas H. Ince Productions: Enid Bennett in 'Stepping Out' and Charles Ray in 'The Egg Crate Wallop,'" the Paramount-Argue Comedies, the Paramount-Mack Sennett Comedies, and the Paramount-Burton Holmes Travel Pictures.

Children Cry for Fletcher's

CASTORIA

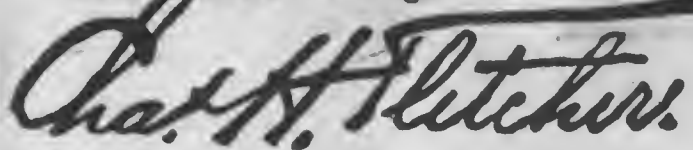

The Kind You Have Always Bought, and which has been in use for over thirty years, has borne the signature of *Chas. H. Fletcher* and has been made under his personal supervision since its infancy. Allow no one to deceive you in this. All Counterfeits, Imitations and "Just-as-good" are but experiments that trifle with and endanger the health of Infants and Children—Experience against Experiment.

What is CASTORIA

Castoria is a harmless substitute for Castor Oil, Paregoric, Drops and Soothing Syrups. It is pleasant. It contains neither Opium, Morphine nor other narcotic substance. Its age is its guarantee. For more than thirty years it has been in constant use for the relief of Constipation, Flatulency, Wind Colic and Diarrhoea; allaying Feverishness arising therefrom, and by regulating the Stomach and Bowels, aids the assimilation of Food; giving healthy and natural sleep. The Children's Panacea—The Mother's Friend.

THE CENTAUR COMPANY, NEW YORK CITY.

JAMES SOUTHALL IS
CHIEF DEPUTY MARSHAL

Having been for four years with the U. S. Marshal's Department at the custom house, James Southall was named Chief Deputy Marshal under Jack Annis, the present Marshal's department soon after Jackford. Southall entered the marshal's department soon after Jack Annis was appointed a member of it. Southall succeeds George Witt, a Tennessean.

NEW YORKER HELD
UP IN HIS HOME

New York, Nov. 28.—Four hold-up men backed George Alexander, wealthy Washington market merchant, into the hallway of his fashionable West End Avenue home this morning and robbed him of \$40,000. Tonight the police announced arrests of two men in connection with the crime, recovery of \$8,000, and an alleged confession of Thomas Rockfort, Alexander's chauffeur, to a share in the plot to rob him.

STATIONARY ENGINEERS REORGANIZE

At a meeting held Wednesday evening the local engineers reorganized their local No. 10. The officers elected were: President, George J. Jake; Vice-President, D. B. Bostick; Recording Secretary, J. L. Connors; Corresponding Secretary, Jas. R. Morris; Treasurer, Harry Carroll; Conductor, E. L. Solomon; Doorkeeper, T. B. McConnell. Trustees—Riley Butler, C. W. Dycker and Mr. Bettag. Possibly it would be quite refreshing to the general public, during these times of discord, strikes and general turmoil throughout the ranks of labor, to know that an organization composed of over 24,000 steam and electrical engineers who stand for, and uphold the following creed:

This Association shall at no time be used for the furtherance of strikes, or for the purpose of interfering in any way between its members and their employers in regard to wages; recognizing the identity of interests between employer and employee, and not countenancing any project of enterprise that will interfere with perfect harmony between them. Neither shall it be used for political or religious purposes. Its meetings shall be devoted to the business of the association and at all times preference shall be given to the education of engineers, and to securing the enactment of engineers' license laws in order to prevent the destruction of life and property in the generation and transmission of steam as a motive power, and our motto is: To earn more, learn more.

HAND EMBROIDERY
LINGERIE AGAIN

Hand embroidery and fine drawn laces are again much in evidence, now that Belgium and French women have been relieved of war work and can again turn to their arts. The above illustrations show new beribboned, embroidered and crocheted garments of linen now on the market.

Notice To City Tax Payers

I am now making the assessment of city property for taxes for next year, 1920. Everybody who owned any property on the first day of July, 1919, Subject to city taxes is urged to call at my office in the City Hall, at once, and list said property. This assessment must be completed within a short time and you are urged to call at once.

Value to You of an Advertising Agency

You're in business. You're putting up a line of trademarked goods, we will say. You want to sell them.

You send out salesmen. They get distribution for you. Your goods are on the dealers' shelves.

Now you need advertising--to interest the consumer--to make Mrs. Smith or Mr. Jones ask for your goods by name--to say, for instance, "I want a can of BROWN'S Beans" instead of "I want a can of beans."

Two courses open to you: You either undertake to prepare and place your own advertising or you shove the whole job on an advertising agency.

If YOU undertake to do it, you first select your papers. Suppose you are going to use 100 papers. What papers? If you haven't a newspaper directory, you have to borrow or buy one. You write to the paper for rates.

After you've picked your papers, you write your ads, employ an artist to make drawings for the illustrations, employ an engraver to make original plates, employ an electrotyper to make duplicate plates, employ a printer to set the ads to secure uniform strong typographical displays; then you mail the proofs and plates to each paper with instructions when to insert; after that you have to search thru the papers to be sure the ads appeared, and if they did, you have to open accounts with 100 papers and mail 100 checks each month while the advertising is running.

You and your office force have done loads of tiresome work and worry that an advertising agency would have done without charge. Thru an advertising agency you pay exactly the rates you pay publishers direct. The agency gets its remuneration in the shape of a small commission from the publishers--a commission they are only too willing to pay because agency service saves them labor and expense.

An advertising agency prepares the ads and, after being OK'd by you, forwards them for insertion, checks up their appearance in the publications. All you have to do is to pay ONE bill to the agency each month.

Besides, the agency gives you, free, the benefit of its expert knowledge of merchandising methods. It analyses your business. It decides before accepting your account whether you are really ready to advertise.

The agency is your representative--just as much so as your salesman.

Most of the successful interstate and national advertising is placed thru advertising agencies.

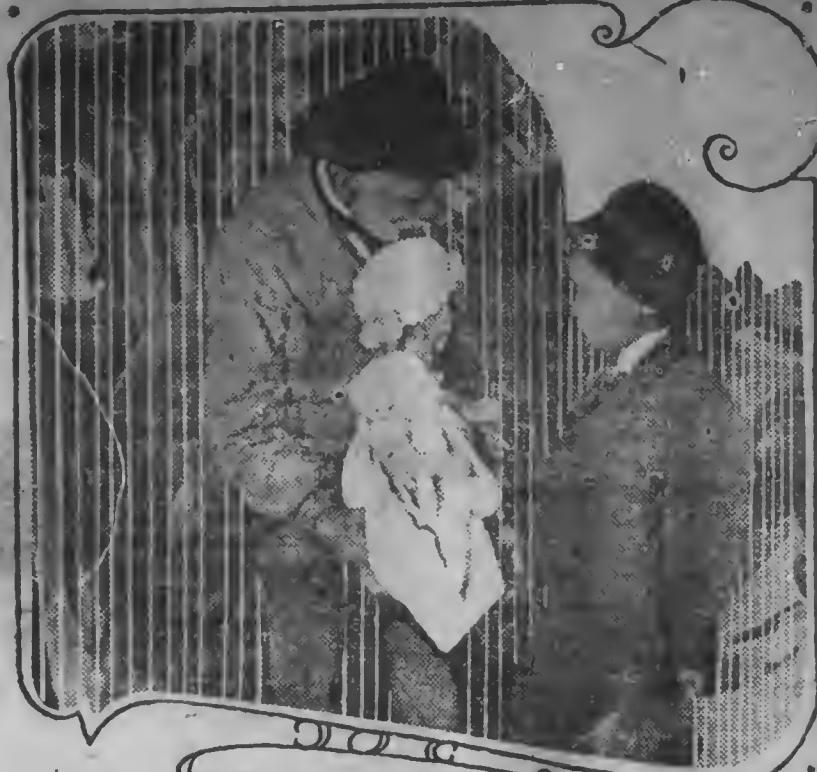

The nine advertising agencies listed below comprise the Southern Council of American Association of Advertising Agencies. Write to the agency you prefer and get the benefit of its advice, organization and equipment:

Thomas E. Basham Co., Louisville, Ky.
Cecil, Barreto & Cecil, Richmond, Va.
Chambers Agency, Inc., New Orleans, La.
Nelson Chesman & Company, Chattanooga, Tenn.
Ferry-Hanly Advertising Company, New Orleans, La.
Johnson-Dallis Company, Atlanta, Ga.
Massengale Advertising Agency, Atlanta, Ga.
Staples & Staples, Inc., Richmond, Va.
The Thomas Advertising Service, Jacksonville, Fla.

OLDEST TOYMAKER ON SANTA'S PAYROLL IS 86

Santa Claus has loyal workers. Jesse Armour Crandall of Brooklyn, N. Y., for more than 70 years has worked for him—well, ever since 1850. The aged toymaker made a hobby horse for the now King of England—when the king was a little boy. He made a doll for Ruth Cleveland when her daddy was president of the United States. And now—in 1919 he is making toys—maybe for you. He is shown here introducing a dollie to a very young caller.

TELEPHONE CO.'S CONTEST

Bell Company In Southwest Offers \$100 for Best Letters to Beat H. C. L.

The Southwestern Telephone News a handsomely printed and profusely illustrated monthly publication, the official organ for the American Telephone and Telegraph Company, which goes into more than 20,000 homes in Missouri, Arkansas, Oklahoma, Kansas and Texas, is conducting great campaign for thrift.

This Bell Telephone publication has the hearty support of its army of employees, who have been made to realize the company's interest in their welfare. The high cost of living which is the bugaboo of American families everywhere, is tackled in a practical way by the Bell publication.

It invites short letters from its employees, telling their experience with the high cost of living problem, and also with experiences of combatting it. It offers a series of prizes for the best and most helpful letters. The first prize is \$50 and the winner will be given a \$50 Vic-

tory Note. The second prize is \$25, and the winner will be given the value in War Savings Stamps. The third prize is \$10 in War Savings Stamps and the fourth and fifth best letters will win \$5 each in War Savings Stamps. The sixth, seventh, eighth, ninth and tenth next best replies will be awarded \$1 each in Thrift stamps.

FINE COMB USED ON TAX RETURNS

No Leniency Given Evaders of Income Tax Laws.

Washington, Nov. 28.—Warning was given tax evaders by Commissioner Roper of the Internal Revenue Bureau tonight that those who have falsified or made incorrect returns may expect to "be called upon any day for an accounting." In on case, will leniency be shown corporation or individuals who have attempted to defraud the Government, the Commissioner said.

The Government's drive on tax evaders thus far has netted approximately \$200,000,000 more than the amounts called for by the returns filed early in the year. Mr. Roper said these figures resulted "merely from scratching the surface of the huge accumulation of tax returns."

Field agents of the bureau are making a survey of all returns and checking up with books of corporations for possible irregularities, he added.

Mr. Roper estimated that approximately \$500,000,000 would be collected during the year 1920, through the campaign, \$200,000,000 of it by June 30, 1920; in addition to \$200,000,000 already collected. Since the recent announcement of the findings of the bureau in the case of the Crucible Steel Company, he said, many corporations and individuals have voluntarily presented amended returns have not been in strictly regular form.

BYARS LOSES BINGHAM CASE

Revenue Agent Is Eliminated From Litigation Over Tax Estate.

Walter M. Byars, State Revenue Agent, was eliminated from participation in litigation over the estate of Mrs. Mary Lily Bingham and stripped of his claim to a penalty by Judge W. H. Field, who handed down an opinion in joint session yesterday sustaining County Judge William Krieger.

It was true the estate was omitted from assessment as of September 1, 1917, for payment of 1918 taxes, Judge Field said, but the omission was solely that of the County Board of Tax Supervisors and not of the character contemplated by the statute governing agents, hence, he said, the action by Byars was wholly unwarranted.—Courier-Journal.

Nashville Over Top \$26,000.

Nashville, Tenn., Dec. 1.—With five churches still to report, the Nashville Association of Baptist churches went far over the top in the drive for their quota of \$400,000 in the grand campaign for \$75,000,000, the report late Sunday night showing \$426,000 already pledged here. The result of the first day of the drive here was typical of the drives throughout the South, reports from all sections indicating that the total sum would be oversubscribed by millions. Only a few of the local churches failed Sunday to reach the minimum set for them.

Largest Gift in Memphis.

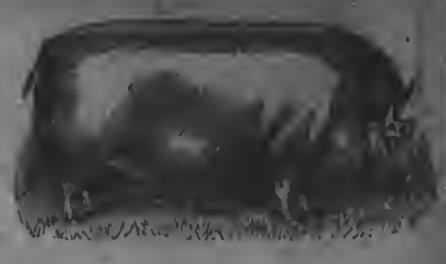

The outstanding feature of the first day of the drive was the gift to the campaign Sunday by Will Dockery, cotton merchant of Memphis, which is the largest gift that has been made, with the exception of the bequest of \$1,000,000 made by the late Capt. W. H. Thomas of Dallas, Texas.

From Baltimore a telegram was received announcing that Maryland had raised two-thirds of its quota by 2 o'clock in the afternoon, and telegrams from Louisville said Kentucky would do far more than had been anticipated, judging from early returns. Its quota is \$6,500,000. Advice from Texas were to the effect that even the coast section, swept in September by severe tropical storm, had greatly exceeded its quota and the indications were that the response from other portions of the state would be equally gratifying.

MIDDLESBORO TO HAVE NEW \$225,000 HOTEL

Middlesboro, Ky., Nov. 28.—Local and out-of-town capitalists soon will begin construction of a modern hotel here, to cost \$225,000. The plans of architecture are now being drawn by a Louisville firm. The new hostelry will be on Cumberland avenue, the main thoroughfare of town.

DARRAGH RAID

Arkansas' Family Gobbles Up \$5,000 In Uncle Sam's Securities In Short Order.

The Darraghs went over the top one day recently at Little Rock, Ark., and made a raid on the United States Treasury, with the knowledge and consent of officialdom. In the raid they were aided and abetted by an attaché of the Treasury Department.

F. A. Ramsey, one of the Arkansas field workers for the Arkansas branch of the Treasury Department, Savings Division, entered Little Rock with a view of organizing some War Savings Societies and incidentally disposing of a few Treasury Savings Certificates.

The Darragh Company was one of the first establishments visited. When Ramsey explained his mission the head of the company gave him an order for one \$100 Certificate. Then

he went further and ordered \$1000 certificates for F. K. Darragh, Mrs. F. K. Darragh, Louise Darragh and T. A. Darragh.

The Treasury rules prohibit any one individual holding more than \$1000 of these securities in any issue, but each member of a family is permitted to hold the limit. The Darragh Company quickly absorbed the limit for the company and the members of the Darragh household, and will be ready for the 1920 series when it is placed on the market early in January.

The Cunningham Company also showed its appreciation of these splendid securities, the company placing an order with Ramsey for \$1000 and George E. Cunningham, Mrs. George E. Cunningham and J. F. Weinman giving orders for \$1000 bonds.
